

AFTER their tremendous return to form in the F.A. Cup at Tilbury on Saturday, Wycombe Wanderers resume their Rothmans Isthmian League Division One programme again tonight (Tuesday) when they entertain promising Oxford City at Loakes Park (**writes Stuart Earp**).

Oxford's improvement this term has been considerable. They seem to have overcome last year's dismal season, in which they conceded no less than 101 goals in their 42 matches, and are in seventh position in the league table, only three places behind Wanderers.

Manager Maurice Kyle has worked wonders with the side this season considering he has only a couple of new players. The rest of the squad is exactly the same as last term with one exception — centre back Trevor Stokes joining Witney Town in the close season.

The newcomers are Mick

Sherrell, a permit player from Banbury United who has made quite an impact so far, and Pat Schanzenbecher, a midfield player.

In league matches, City have lost only once this season and have met some of the better teams in the league. They were 3-0 down at home to Walton in one match but came back to snatch a point at 3-3 and also picked up an excellent point in a 1-1 draw with champions Hendon.

Other results include home victories over Ilford (2-0) and Barking (1-0), away wins at Clapton (2-1) and Woking (3-1) and also a 2-2 draw at home to Woking.

Oxford, however, lost their second game on Saturday when they fell 1-0 at home to Southern League newcomers Witney Town in the F.A. Cup. They should be at full strength tonight and will field the following side: Harris, Thompkins, Inseal, Kyle, Evans, Metcalfe, Freeman, Schanzenbecher, Woodley, Sherrell, Sinnott, sub Marcham.
